

GRATI-TUNES APPRECIATION IN HARMONY

Welcome to the top of the Emotional Guidance Scale, where, as one song says: “the good gets better, and the bad gets good as gone.” You are in the vortex of gratitude and appreciation.

When you feel deep appreciation to your core, you raise your vibrations to the highest frequency of all human emotion. When felt and radiated on a casual emotional level-appreciation serves as a great magnet for more of the same. When felt from an even more conscious level - the vibration is augmented exponentially. What radiates from within your heart returns to you tenfold, providing even more to be grateful for. Next, imagine the compounded vibration when you fold music into the experience. You are now a massive goodness magnet - on steroids!

When we deeply resonate with powerful songs of appreciation, our energy bubbles up to the stop of the scale and vibrates equal to the BIG KAHUNA energy called LOVE. Even casual humming in gratitude, including in your darker hours, makes you a walking prayer magnet for healing and abundance. Your collection of tunes that magnify your deepest appreciation will soon be just a PLAY button away! See you at the TOP!
